Bupa Health Cash Back Scheme

As an employee, you and your dependants can claim back for treatment including dental, optical, physio, chiropractor, prescriptions and private consultation amongst other things to a set amount per year.

The cash back scheme also covers up to 4 children/dependants under the age of 24. If you would like your dependants to benefit from this, then please add their details below.

Age and eligibility criteria for dependants:

- Child dependant means any child of the main member or their partner, including any child for whom the main member or their partner is a legal guardian or foster parent
- Your child dependants can only join as members if they are under 24 years old and permanently live in the UK. Once your child dependants are members, they can continue to be covered by the policy until the group renewal following their 24th birthday, when their cover will end automatically.
- A maximum of four child dependants per main member can be covered on this policy.
- There is no requirement for the child to be either living at the same address or to be in full time education.
